

Rocket Lab Provides Opportunity for Retail Shareholders to Attend the Opening Event of the Neutron Launch Site In Virginia

August 7, 2025

LONG BEACH, Calif.--(BUSINESS WIRE)--Aug. 7, 2025-- Rocket Lab Corporation (Nasdaq: RKLB) ("Rocket Lab" or "the Company"), a global leader in launch services and space systems, today announced an exclusive opportunity for a limited number of retail shareholders to attend the highly-anticipated official opening of Launch Complex 3 (LC-3) on Wallops Island, Virginia - the Company's launch site for its new medium-lift reusable [Neutron](#) rocket.

The official opening of LC-3 on August 28, 2025 represents a bold step forward in delivering reliable, responsive launch capabilities from U.S. soil with Neutron, strengthening the nation's leadership in space while creating new opportunities for innovation and growth in the Commonwealth of Virginia and beyond. This event will celebrate the launch site's importance to regional growth and economic prosperity, national security, and Virginia's increasing role and capabilities in the aerospace industry.

Rocket Lab is offering shareholders the chance to attend the invite-only event by completing an entry form located [here](#) between 4:20 pm ET on August 7, 2025 and 5:00 pm ET on August 15, 2025. To be eligible to enter, interested shareholders must be at least 18 years old and U.S. citizens. Rocket Lab will randomly select ten (10) entrants who meet the necessary requirements to attend this event.

Selected shareholders will be contacted directly with further details about the event after the sweepstakes concludes at 5:00 p.m. ET on Friday, August 15, 2025. No purchase is necessary to enter or win the sweepstakes or to claim a prize. The sweepstakes is void where prohibited by law. Full official rules for the sweepstakes can be found [here](#).

Rocket Lab founder and CEO, Sir Peter Beck, says: "Completing Launch Complex 3 is a major achievement on the path to Neutron's first launch that brings us a step closer to delivering a cost-effective, reliable, and responsive alternative in medium-lift launch for the nation. The support of our shareholders along the journey has always been deeply appreciated, and I'm looking forward to being able to share the excitement with as many as we can at Launch Complex 3's official opening in just a few weeks' time."

Interested shareholders can apply to enter the draw to attend the Launch Complex 3 opening event on Wallops Island, Virginia, at this link: <https://rocketlabcorp.com/rocket-lab-shareholders-sweepstakes>

Note: *The prize does not include transportation to the event, or lodging, or any other expenses that may be incurred by the winners in attending the event. The selected shareholders are solely responsible for all such costs and expenses. Individuals should only enter if they are willing to incur these costs and expenses.*

About Rocket Lab

Founded in 2006, Rocket Lab is an end-to-end space company with an established track record of mission success. We deliver reliable launch services, satellite manufacture, spacecraft components, and on-orbit management solutions that make it faster, easier, and more affordable to access space. Headquartered in Long Beach, California, Rocket Lab designs and manufactures the Electron small orbital launch vehicle, a family of flight proven spacecraft, and the Company is developing the large Neutron launch vehicle for constellation deployment. Since its first orbital launch in January 2018, Rocket Lab's Electron launch vehicle has become the second most frequently launched U.S. rocket annually and has delivered 190+ satellites to orbit for private and public sector organizations, enabling operations in national security, scientific research, space debris mitigation, Earth observation, climate monitoring, and communications. Rocket Lab's family of spacecraft have been selected to support NASA missions to the Moon and Mars, as well as the first private commercial mission to Venus. Rocket Lab has three launch pads at two launch sites, including two launch pads at a private orbital launch site located in New Zealand and a third launch pad in Virginia. Forward Looking Statements

This press release contains forward-looking statements within the meaning of the Private Securities Litigation Reform Act of 1995. We intend such forward-looking statements to be covered by the safe harbor provisions for forward-looking statements contained in Section 27A of the Securities Act of 1933, as amended (the "Securities Act") and Section 21E of the Securities Exchange Act of 1934, as amended (the "Exchange Act"). All statements contained in this press release other than statements of historical fact, including, without limitation, statements regarding our launch and space systems operations, launch schedule and window, safe and repeatable access to space, Neutron development, operational expansion and business strategy, are forward-looking statements. The words "believe," "may," "will," "estimate," "potential," "continue," "anticipate," "intend," "expect," "strategy," "future,"

“could,” “would,” “project,” “plan,” “target,” and similar expressions are intended to identify forward-looking statements, though not all forward-looking statements use these words or expressions. These statements are neither promises nor guarantees, but involve known and unknown risks, uncertainties and other important factors that may cause our actual results, performance or achievements to be materially different from any future results, performance or achievements expressed or implied by the forward-looking statements, including but not limited to the factors, risks and uncertainties included in our Annual Report on Form 10-K for the fiscal year ended December 31, 2024, as such factors may be updated from time to time in our other filings with the Securities and Exchange Commission (the “SEC”), accessible on the SEC’s website at www.sec.gov and the Investor Relations section of our website at <https://investors.rocketlabcorp.com> which could cause our actual results to differ materially from those indicated by the forward-looking statements made in this press release. Any such forward-looking statements represent management’s estimates as of the date of this press release. While we may elect to update such forward-looking statements at some point in the future, we disclaim any obligation to do so, even if subsequent events cause our views to change.
