

Reminder: Rocket Lab to Host Investor Day and Neutron Update in New York City on September 21, 2022

September 20, 2022

LONG BEACH, Calif.--(BUSINESS WIRE)-- Rocket Lab USA, Inc. (Nasdaq: RKLB) ("Rocket Lab" or "the Company"), a leading launch and space systems company, is hosting an Investor Day and Neutron launch vehicle development update on September 21, 2022, in New York City at the Intrepid Sea, Air & Space Museum.

At 1:30 pm ET, Rocket Lab Founder and Chief Executive Officer Peter Beck, Chief Financial Officer Adam Spice, and members of Rocket Lab's executive team will host a series of presentations focused on progress the Company has made since its de-SPAC in August 2021, its current roadmap, development of the Neutron launch vehicle.

In-person registration is now full, however a live webcast will be made available for remote participants at www.rocketlabusa.com/investors.

+ About Rocket Lab

Rocket Lab (Nasdaq: RKLB) is a global leader in space, delivering proven and reliable space services spanning launch, spacecraft manufacture, satellite subsystems, flight software, and on-orbit operations. Since 2018, the company's Electron rocket has delivered proven and reliable launch for civil, national security, defense, and commercial customers, deploying 150 satellites to orbit. Building on the achievements of Electron, Rocket Lab is developing a next generation large reusable launch vehicle, Neutron, designed for constellation deployment, cargo resupply, interplanetary missions. Rocket Lab also develops mission-ready spacecraft and satellite subsystems. More than 1,700 spacecraft on orbit feature Rocket Lab technology including space solar power, radios, separation systems, propulsion, flight software, star trackers, and reaction wheels. Headquartered in Long Beach, California, Rocket Lab operates three launch pads at two launch sites across New Zealand and Virginia, and has operations in Virginia, Colorado, Maryland, New Mexico, and Toronto.
